About

Over 2 years experience in web development, most of which has been self taught before I commenced my BSc. I am a motivated individual and have a keen interest in front-end development and UX Design. I have great written and oral communication skills with a excellent attention to detail. A patient listener and eager to learn from others, I keep up to date with the latest technologies and frameworks.

Skills

Strong / HTML, CSS, jQuery, Git, MySQL, PHP, Linux, Responsive Design.

Knowledgeable / ES6, Angular.js, MongoDB, Python.
